Duofix mounting elements for wall-hung WC

Duofix element with UP320, front actuation

Application Purpose

- For installation in front of a solid or drywall
- For installation in drywall or preWall construction covered with panels (gypsum or wood)
- For installation in room-height preWall or partition wall
- For a floor construction of 0 - 20 cm
- For wall-hung WC with fastening distance 18 cm or 23 cm
- For installation in front of or inside a solid wall

Characteristics

- Element height 112 cm
- Water supply connection at centre back or at the top
- Dual flush with Sigma50, Sigma20, Samba or Bolero actuator plate
- Single flush with Sigma10 actuator plate
- Flush-stop with Rumba, Mambo or Tango actuator plate
- Adjustable flushing volume
- Concealed cistern for tool-free mounting and repair work
- Tool-free fastening for outlet bend, sound-absorbing, adjustable in depth with 8 positions, adjustable range 45 mm
- Self-locking feet for tool-free alignment of the element
- Galvanized leg supports, adjustable from 0 - 20 cm, with detent mark
- Concealed cistern fully insulated against condensation
- Self-supporting
- Powder-coated, colour Geberit blue
- Rotating foot plate

Product Details

Factory setting	6 and 3 l
Flush range small	3 - 4 l
Flush range large	6 / 7.5 l
Interruptible flush-stop	6 / 7.5 l

Scope Of Delivery

- Water supply connection R 1/2" with integrated angle stop valve and hand wheel
- Geberit AquaClean conduit pipe
- Flush bend
- Protection plug
- Protection cover for service opening, can be cut to length
- 2 threaded rods M12 for ceramics fastening
- WC connection set, dia. 90 mm
- WC outlet bend, HDPE, dia. 90 mm
- Adapter sleeve, dia. 90/110 mm
- Fastening material
- Excluded: Actuator plate

Ordering Information

Article no.	Description
111.300.00.5	Duofix element with UP320, front actuation

Duofix Special element with UP700, front actuation, thickness 8cm new

Application Purpose

- For wall-hung WC with fastening distance 18 cm or 23 cm
- For a floor construction of 0 - 12 cm
- For installation in front of a solid or drywall
- For installation in drywall or preWall construction covered with panels (gypsum or wood)
- For installation in room-height preWall or partition wall
- For installation in front of or inside a solid wall

Characteristics

- Self-supporting
- Element height 112 cm
- M12 fastening for ceramic appliances, fastening distance 18 cm or 23 cm
- Concealed cistern fully insulated against condensation
- Installation depth 8 cm
- Water supply connection at the top
- Flush-stop with actuator plate Rumba, Mambo or Tango
- Single flush with Sigma10 actuator plate
- Dual flush with Sigma50, Sigma20, Samba or Bolero actuator plate
- Adjustable flushing volume
- Fastening for outlet bend adjustable in depth and sound-absorbing
- Powder-coated, colour Geberit blue
- Feet galvanized, adjustable 0-12 cm
- Self-locking feet for tool-free alignment of the element

Product Details

Factory setting	6 and 3 l
Flush volume small	3 l
Flush range large	6 / 9 l
Interruptible flush-stop	6 / 9 l

Scope Of Delivery

- Water supply connection R 1/2" with integrated angle stop valve
- Protection plug
- Protection cover for service opening, can be cut to length
- Flush bend
- 2 threaded rods M12 for ceramics fastening
- WC connection set, dia. 90 mm
- WC outlet bend, PE-HD, ø 90 mm, extended
- Adapter sleeve, dia. 90/110 mm
- Fastening material
- Excluded: Actuator plate

Duofix mounting elements for urinal

Duofix element for urinal Universal

new

Application Purpose

- For installation in room-height preWall or partition wall
- For installation in front of a solid or drywall
- For installing urinals
- For installation in drywall or preWall construction covered with panels (gypsum or wood)
- For a floor construction of 0 - 20 cm
- For accommodating the HyTronic urinal controls IR or HyTouch urinal controls pneumatic with plate size 13 x 13 cm

Characteristics

- Element height 112 cm, adjustable up to 130 cm
- Holes dia. 9 mm for fastening in wood frame construction
- Galvanized leg supports, adjustable from 0 - 20 cm, with detent mark
- Self-supporting
- Powder-coated, colour Geberit blue
- For structures on the floor, leg supports withdrawable to -5 cm
- Rotating foot plate
- Water supply connection 1/2"
- Water supply connection can be installed without tools
- Stop valve with throttle pre-mounted
- Pre-mounted conduit pipe for rinsing the pipe
- Protection cover for service opening, can be cut to length
- Flexible flush connection to inlet
- Fastening for flush pipe dia. 32 mm, height-adjustable
- Fastening for ceramic appliances, adjustable height and distance
- Fastening for outlet bend sound absorbing and height-adjustable
- Self-locking feet for tool-free alignment of the element
- Additional fastening possible for urinal with accessories
- Conversion possible for urinals with spray head with accessories

Product Details

Flow rate at 1 bar	0.3 l/s
Test pressure water	16 bar
Pressure range during operation	1 - 8 bar

Scope Of Delivery

- Concealed housing with water section
- Protection box with cover
- Water supply connection R 1/2"
- Connection pipe between inlet \varnothing 32 mm and urinal, incl. seal on urinal
- Suction trap \varnothing 50 mm, incl. seal on urinal
- Outlet bend reduced \varnothing 63/57 mm to \varnothing 50/44 mm, incl. seal on suction trap
- 2 threaded rods M8 for urinal fastening
- Fastening material
- Excluded: Urinal flushing system

Ordering Information

Article no.	Description
111.616.00.1	Duofix element for urinal Universal

Duofix element for urinal for exposed flush valve, type Universal
